SECTION 1. *Be it resolved by the General Assembly of the State of Ohio*, that a proposition shall be submitted to the electors of this state on the first Tuesday after the first Monday in November, 1893, to amend sections 1 to 11, inclusive, of article XI, of the Constitution of the state of Ohio, so they shall read as follows:

ARTICLE XI

SECTION 1. The apportionment for members of the general assembly shall be made every ten years, prior to the first election for members of the general assembly in each decennial period, in the manner herein provided.

SEC. 2. During the month of February, prior to the first election for members of the general assembly after the passage of this act and in each decennial period, the members of the senate and house of representatives representing the two leading political parties, respectively, shall meet in separate bodies, and each of said bodies shall designate two electors who shall forthwith be appointed by the governor; and said four electors so designated and appointed shall constitute a commission who

shall ascertain and determine the ratio of representation for members of the house of representatives and senators, the number of representatives to which each county is entitled and the boundaries of each senatorial district. Should any vacancy occur in said commission the senators of the party making the original designation shall, within ten days thereafter designate an elector to fill such vacancy, and he shall forthwith be appointed by the governor.

SEC. 3. The population of the state as ascertained by the preceding federal census, or in such other manner as the general assembly shall direct, shall be divided by the number "one hundred" and the quotient shall be the ratio of representation in the house of representatives for the ten years succeeding such apportionment.

SEC. 4. Each county shall be entitled to at least one representative; each county containing such ratio, and three-fourths over, shall be entitled to two representatives; each county containing three times such ratio shall be entitled to three representatives, and so on.

SEC. 5. Each county entitled to more than one representative shall be divided by such commission into as many districts as there are representatives apportioned to such county; and one representative shall be chosen from each district.

SEC. 6. Each representative district, in counties entitled to more than one representative, shall be composed of compact territory, bounded by election precinct lines, and as nearly equal in population as practicable; and each of such districts shall be numbered.

SEC. 7. The ratio for a senator shall be ascertained by dividing the population of the state by the number "thirty-five."

SEC. 8. The state shall be divided into senatorial districts, as herein provided, and each district shall choose one senator.

SEC. 9. Each senatorial district shall be composed of compact territory, as nearly equal in population as practicable, and except as to districts in counties entitled to two or more senators, shall be bounded by county lines.

SEC. 10. Each county having a population equal to three-fourths of one senatorial ratio shall constitute a senatorial district. Each county having a population equal to one senatorial ratio, and one-half over, shall be divided into two senatorial districts. Each county having a population equal to two and one-half ratios shall be divided into three senatorial districts, and so on; but no election precinct shall be divided in the formation of a senatorial district.

SEC. 11. The apportionment so made for members of the general assembly shall be reported to the governor, by such commission, within two months after their appointment, and the same shall be published in such manner as shall be provided by law.

SECTION 2. At such election, those electors desiring to vote for such amendment may have placed upon their ballots the words "Representation by single districts - Yes;" and those opposed to such amendment may have placed upon their ballots the words "Representation by single districts - No."
